PROFILE

I am a dedicated front-end developer and UI/UX designer with a strong foundation in computer science. I graduated with a GPA of 3.07/4 from the Faculty of Computer Science and earned an A+ on my graduation project. My expertise centers around building engaging, efficient, and user-centered web applications using React. Over my career, I have completed 2 UI/UX projects and developed 8+ front-end projects, where I combined a keen eye for design with technical proficiency. My experience has provided me with a solid understanding of both the creative and technical aspects of web development, allowing me to create seamless, responsive, and visually appealing interfaces.
